

1. INTRODUCTION

Bogota Chemicals takes pride in having extensive experience and background in dealing with the chemical sector for years. With a professional understanding of the client's needs, we deliver the most efficient product for your business needs.

The company has been established in Erbil, Kurdistan Region of Iraq to provide practical solutions for the demand and supply chain of chemical solutions within various fields and sectors, in addition to providing state-of-the-art laboratory equipment and tools.

We strive to offer dependable, superior, specialized services to Our clients while developing and advancing inspiration and innovation, products and services of the highest caliber and value.

2. COMPANY CORE VALUES:

Clients First

Our business exists to aid retailers in increasing sales. Every choice we make and every result we evaluate is dependent on how effectively it benefits our consumers.

Team on a Mission

Bogota is made up of incredible individuals, but we can only succeed as a team. We're dedicated to serving our clients by cooperating in an atmosphere that balances humility and ambition.

Think Big

Unmatched vision, innovation, and execution are required to be the top service provider in the country. We never give up. To better serve our client's requirements, we push the boundaries of what we think is possible.

Act with Integrity

We are sincere, transparent, and dedicated to serving our clients and their business's best interests. We collaboratively work together to find the best forms of workingt internally and with our clients.

3. MISSION

To deliver the best quality service and products to our clients with convenient solutions and professional customer service

4. VISION

To be the leading chemical provider
and industry leaders in the KRI and
Iraq.

5. PRODUCTS

1. Industrial and Production Chemicals
2. Acidizing and Oilwell Stimulation Chemicals & Additives
3. Analytical reagents & solvents
4. Laboratory Equipment, Instrument & Glassware
5. Cementing Additives
6. Powerplants Chemicals
7. Drilling Fluid Additives
8. Boilers and Cooling Water Treatment Chemicals
9. Oil Refineries and Fuel Additives & Chemicals
10. Water Clarification Additives & Solutions
11. Lubricants Supply

Industrial and Production Chemicals

&

Acidizing and Oilwell Stimulation Chemicals & Additives

- Demulsifier
- Corrosion inhibitor
- H₂S Scavenger
- Antifoam
- Oxygen scavenger
- Wax, Paraffin & Asphaltene inhibitor 7 dispersants
- Biocides
- Foaming agent
- Iron control agent
- Mutual solvent
- Anti-slugging agent
- Surface tension reducer
- Suspending agent

- Hydrofluoric acid
- Hydrochloric acid
- Suspending agents
- Multi Function Agent
- Diverting agent
- Ammonium bifluoride

Analytical Reagents & Solvents

- Xylene (isomeric mixture & HPLC grade)
- 1-butanol (reagent & HPLC grade)
- 2-butanol (reagent & HPLC grade)
- Toluene (reagent & HPLC grade)
- Acetone (reagent & HPLC grade)
- 1-propanol (reagent & HPLC grade)
- 2-propanol (reagent & HPLC grade)
- Methanol (reagent & HPLC grade)
- Ethanol (reagent & HPLC grade)
- All other high purity reagent grade analytical chemicals

Laboratory Equipment, Instrument & Glassware

- Laboratory Consumables & Labware
- Laboratory Essentials
- Volumetric Measurement & Liquid Handling
- Distillation & Filtration & Separation & Sample Preparation
- Analytical Laboratory Instruments
- Personal Protective Equipments

Cementing Additives

- Dispersants
- Spacers
- Specialty Cementing
- Retarders
- Extenders
- Accelerators
- Weighting agents
- Lost-circulation agents.

Powerplants Chemicals

- Sodium hydroxide Solution (Caustic Soda)
- Sulfuric acid
- Hydrochloric acid
- Ferric chloride
- Citric acid
- Formic acid
- Carbohydrazide
- Poly aluminum chloride PAC
- Ammonium hydroxide (Ammonia solution)

Drilling Fluid Additives

- Barite
- Bentonite
- Lime
- Sodium bicarbonate
- Surfactants
- Starch
- Mica
- Polymers (PHPA)

Boilers and Cooling Water Treatment Chemicals

- Biocides
- RO Antiscalant
- Polymers
- Neutralizing amine
- Oxygen scavengers
- Biodispersants
- Corrosion inhibitors
- Scale inhibitors

Oil Refineries and Fuel Additives & Chemicals

&

Water Clarification Additives & Solutions

- Demulsifier
- Oxygen scavengers
- Corrosion inhibitor
- Sulfuric acid
- Salts
- Sodium hydroxide (Caustic soda)
- Methanol
- Sodium hypochlorite
- Poly aluminum chloride solution
- Toluene
- Dimethyl Disulfide (DMDS)

- Flocculants
- Coagulant
- Sodium hypochlorite
- Calcium hypochlorite
- Aluminum sulphate
- Sodium bicarbonate
- Sodium carbonate (Soda ash)
- Alum
- DDP NO.1 RAPID tablets

Lubricants Supply

- Heat Transfer Fluids
- Heavy duty Engine Oils
- Gearbox Oils

6. CONTACT & ADDRESS

Sales Department:

sales@bogotachemicals.com

General Inquiry:

info@bogotachemicals.com

Sales & Marketing: 0750 690 9700

General Inquiry: 0750 099 1919

Location:

Iraq/Erbil - Italian Village 1 House #503
